ABSTRACT

Gita Fitriani, 2023. Analysis of Islamic Boarding School Empowerment Through the Economic Protection at Darussalam Tasikmalaya Islamic Boarding School. Thesis. Sharia Economics Study Program, Faculty of Islamic Religion, Siliwangi University.

Pondok Pesantren is an institution that has a lot of potential, including economic potential. In realizing the economic independence of Islamic boarding schools, Islamic boarding schools must be empowered, especially in the economic field with the aim of developing the potential of Islamic boarding schools. In empowerment activities, it is necessary to have a system as a guarantor for smoothness and convenience, as well as protection so that Islamic boarding schools are more empowered. The system used is a protection economy system. Economic protection is a protection in the context of economic independence and realizing or breaking away from dependence.

This research study uses qualitative methods. Sources of data in this study were primary data through interviews with the chief secretary, administrative staff section, parenting staff section, business unit managers at Darussalam Tasikmalaya Islamic Boarding School, then secondary data obtained through books, journals, articles, and collecting data- data and documents at the Darussalam Tasikmalaya Islamic Boarding School relating to research discussions. The data collection techniques used through observation, interviews, and documentation.

The research results obtained that economic empowerment at the Darussalam Tasikmalaya Islamic Boarding School using a protection economic system, can improve the welfare of the pesantren community, both students' teachers and the Pondok itself by creating business units as learning facilities and fostering an entrepreneurial spirit as an effort to increase independence and good welfare. the teachers, students and the Pondok itself (facilities and infrastructure). And the economic empowerment activities carried out at the Darussalam Tasikmalaya Islamic Boarding School have been carried out according to aspects of increasing economic empowerment.
