

## **ABSTRACT**

**SYIFA FAZRIAH AWALIA. 2023. SURVEY OF LEARNING FACILITIES AND INFRASTRUCTURE FOR PHYSICAL EDUCATION, SPORTS AND HEALTH IN STATE JUNIOR HIGH SCHOOLS IN TASIKMALAYA CITY IN 2023** (*Quantitative Research in State Junior High Schools in Tasikmalaya City in Academic Year 2023*). Department of Physical Education. Faculty of Teacher Training and Education, Siliwangi University. Tasikmalaya City.

*Before the researcher conducted research according to the researcher's experience when carrying out the Introduction to the School Environment, there was a lack of facilities when carrying out Teaching and Learning Activities (KBM) in State Junior High Schools in the city of Tasikmalaya, so the researcher was interested in conducting this research. The aim of this research is to determine sports facilities and infrastructure in the implementation of physical education, sports and health subjects in State Junior High Schools throughout Tasikmalaya City. The research method used in this research is a descriptive quantitative method. The population in this study was junior high schools in the city of Tasikmalaya, totaling 21 schools, because the sampling technique used in this research was saturated sampling. Based on the results of research, data processing, data analysis, and hypothesis testing, based on the overall percentage, the physical education, sports and health infrastructure in State Junior High Schools in Tasikmalaya City has a percentage of 52% so it falls into the Fairly Adequate category.*

**Keywords:***Availability, facilities and infrastructure, physical education*
