

PREFACE

Praise and gratitude we deliver to Allah Swt. who has given His blessings and poured me His guidance, health, and patience so the writer can propose her thesis entitled “Investigating the Usefulness of Padlet: Students’ Perception”, is submitted as partial fulfilment of the requirements for attaining Sarjana Pendidikan Degree at English Education Department, Faculty of Educational Sciences and Teachers’ Training, Siliwangi University, Tasikmalaya.

This thesis proposal is arranged by background information, literature review, and methodology. The background information gives the context and aims of the research. The literature review explains brief enlightenment about Padlet and students’ perceptions. The research design used in this study is case study. Furthermore, the data was collected through semi-structured interviews which were analyzed by Braun and Clarke’s thematic analysis.

The writer realizes that this research is still far from perfection. Later on, the writer expects suggestions and constructive feedback from the readers for field research in the forthcoming time. Finally, the writer hopes this research proposal provides benefits to the reader and useful information for educators and students in English language learning activities following the technological era.
