

ABSTRACT

NURHALIMAH. 2024. ***THE INFLUENCE OF EDUCATOR' DIGITAL SKILLS ON STUDENTS' LEARNING INTERESTS (Studies in Institutions PKBM Gema Tasikmalaya City)***. Skripsi Department of Community Education, Faculty of Teacher Training and Education, Siliwangi University, Tasikmalaya.

This research aims to determine the influence of educators' digital abilities on students' interest in learning at PKBM Gema Tasikmalaya City. This research uses a survey method with a quantitative approach. This research data collection technique uses questionnaires and documentation. The population is 20 people. The sample in this research was PKBM Gema Tasikmalaya City educators totaling 20 people with a sampling technique using saturated sampling. Data collection uses questionnaires for the variables of educators' digital abilities and students' learning interest. The data analysis technique uses simple linear regression analysis techniques. Based on the results of simple linear regression analysis, the calculated F_{value} is 5,156 with a significance level of $0,013 < 0,05$ so that H_a is accepted and H_0 is rejected. Thus H_a : educators' digital capabilities influence students' interest in learning at PKBM Gema Tasikmalaya City. The conclusion of this research is that educators' digital abilities influence students' interest in learning at PKBM Gema Tasikmalaya City.

Keywords: Educator Abilities, Digital, Interest in Learning.
