

ABSTRAK

PUJYANTI NURIZATUL ISLAM, 2024. “**Pengelolaan Sampah Rumah Tangga Berbasis Masyarakat di Desa Sukamantri Kecamatan Paseh Kabupaten Bandung**”. Jurusan Pendidikan Geografi Fakultas Keguruan dan Ilmu Pendidikan Universitas Silliwangi.

Penelitian ini dilatarbelakangi oleh sungai yang sangat penting bagi kehidupan manusia. Hubungan kehidupan manusia sudah terhubung sejak dahulu, masyarakat yang membangun permukiman ditepi sungai tentunya aktivitas masyarakat akan mempengaruhi kondisi sungai. Aktivitas masyarakat yang mempengaruhi kondisi kelestarian sungai seperti membuang sampah ke sungai Citangkurak, air bekas cuci piring, air sabun mandi dan tinja. Rumusan masalah dalam penelitian ini adalah bagaimana proses pengelolaan sampah rumah tangga berbasis masyarakat di Desa Sukamantri Kecamatan Paseh Kabupaten Bandung dan bentuk partisipasi masyarakat dalam upaya pelestarian sungai Citangkurak Desa Sukamantri Kecamatan Paseh Kabupaten Bandung. Penelitian ini bertujuan untuk mengetahui proses pengelolaan sampah rumah tangga berbasis masyarakat di Desa Sukamantri Kecamatan Paseh Kabupaten Bandung dan bentuk partisipasi masyarakat dalam upaya pelestarian sungai Citangkurak Desa Sukamantri Kecamatan Paseh Kabupaten Bandung. Metode penelitian yang digunakan metode kuantitatif deskriptif, pengumpulan data dengan teknik berupa observasi, kuisioner, wawancara, dokumentasi dan studi literatur. Hasil Penelitian menunjukkan bahwa proses pengelolaan rumah tangga berbasis masyarakat ada enam proses yaitu pewadahan, pengumpulan, Tempat Penampungan Sementara (TPS), Pemilahan, Pengangkutan dan TPA. Kemudian didukung dengan partisipasi masyarakat yaitu bergotong royong, tidak membuang sampah rumah tangga ke sungai Citangkurak, dan Penggunaan Jamban serta *sepic tank* rumah.
