

PREFACE

All thanks and praise to Allah Subhanahu Wa Ta'ala, who has given his blessings and kindness to the writer, so the thesis could be completed. Moreover, may peace and blessings always be given to our prophet Muhammad saw who has led humanity out of darkness and into light. In this study, I was motivated to do this research because I strongly believe that using a process-based approach is an effective way to teach writing recount texts. I found that many students from Indonesia find it difficult to learn English, especially when it comes to writing. To deal with that problem, I have tried using the approach to get a better outcome. To provide an explanation of how I can prove that this approach can help, I have explained it in this thesis. I hope this research will benefit me and others in a good way.
