

ACKNOWLEDGEMENTS

All praises belong to the Most Merciful, Allah *swt.*, who always blesses and guides us. So, *Alhamdulillah* *rabbi'l'aalamiin*, I can finish this thesis entitled “Extroverted Learners’ Difficulties and Solutions in Language Learning: A Case Study in EFL Context.” Peace and Salutations may always be upon the great prophet Muhammad *saw.*, for his guidance leads us to brightness. Although I wrote this thesis, it does not mean no people have helped or supported me. Many great people helped and gave their best support to me until this thesis was finished and published. Therefore, I would like to express my sincere gratitude to them for this valuable opportunity, especially to the following people:

1. My beloved family. I am grateful for the everlasting and secret love, prayers, and support my family provided while completing my thesis. I want to extend thanks to my father, who supported me, never pressured me to finish the thesis quickly, and always encouraged me to be true to myself. I would also like to thank my mother, who inspired me to become a teacher and always understood my moods and emotions. Although she is no longer in this world, I want to say, ‘I did it, Mom!’. Finally, I want to thank my elder sisters and grandmother, who shared their experiences completing a thesis and motivated me to prioritize my academic pursuits.
2. Mrs. Sitti Syakira, S.Pd., M.Pd., and Mrs. Dea Silvani, S.Pd., M.Pd., were my supervisors who provided guidance, suggestions, and solutions throughout the thesis process.
3. All Lecturers in the English Education Department of Siliwangi University. Since entering the major, I have significantly benefited from their valuable knowledge and experiences.
4. Participants of this research. Due to confidentiality agreements, participants cannot be named. I appreciate your willingness to participate in this thesis.
5. Neng Nur’aeni, Risma NZA, and A’I Mila AF are my best friends who have supported and motivated me to finish the thesis.

6. Amelia Sri Sudrajat, Hana Sajidah, Zulfa Azkia, Dewi Indriyani, and Elsa Mayora have become my close friends since 2020 and have cooperated in many tasks in many subjects.
7. Novi Febrianty has motivated me every time I have been down and introduced me to a group of people who constantly motivate me.
8. Gina Agisni Maulidah, who supported and accompanied me in working on this thesis.
9. *Bangtan Sonyeondan* (BTS) especially Min Yoongi have always inspired me to love myself, work hard, and not give up easily. Their songs helped me finish the thesis, and their videos entertained me.
10. Geby Tri Anggraeni, I want to thank myself, who has passed many things and is willing to make progress, deal with stress, and finish this thesis. Thank you.

To conclude, I thank all who have helped and supported me, which cannot be mentioned, in finishing my first college journey. May Allah swt., reply to their kindness in better ways.
