

## **PREFACE**

This thesis entitled “Addressing Communication Challenges and Solutions in Using English for K-Pop Group Orders” is submitted to fulfill the requirements for thesis writing at the English Education Department, Faculty of Educational Sciences and Teachers’ Training, Siliwangi University, Tasikmalaya.

This thesis contains background information, a literature review, and a methodology. The first chapter contains the background information that provides a context of the research which is ascended with a gap, formulation of the problem, operational definition, aim of the research, and significance of the study. The second chapter contains a literature review that explains English as an International Language, K-Pop culture, language and context, and as well as text messages. The third chapter presents the research design, focus of the study, setting and participants, data collection, and data analysis. The result of this research is presented in the fourth chapter including the data findings and discussions. The last chapter comprises the conclusions based on the findings and suggestions for the next researcher related to the use of English in the context of K-Pop group order communication.

The researcher also realizes that writing this thesis has limitations. Therefore, the researcher accepts all suggestions and criticisms from readers to improve this thesis. Lastly, the researcher hopes this research can be useful for both the writer and readers.

Tasikmalaya, June 2024
