

## ACKNOWLEDGEMENT

I want to express my sincere gratitude to all those who have supported and contributed to compiling this thesis, entitled “The Use of Podcasts in Autonomous Listening Activities: How is it Implemented?”

1. Head of the English Education Department Faculty of Educational Sciences and Teachers’ Training of Siliwangi University.
2. I sincerely appreciate my esteemed supervisors Dede Pertamina, Dra., M. Pd. as my first supervisor, and Asri Siti Fatimah, M. Pd. As my second supervisor. Your advice, knowledge, and invaluable insights have been instrumental in shaping the direction of this thesis.
3. I also want to thank all lecturers of the English Education Department at Siliwangi University who have shared their expertise and provided an engaging learning environment.
4. I express my gratitude to my participants, ID and AA for their willingness to be the source people of this thesis. Thus, I can gain the data and draw up this thesis. Thanks to you, this thesis was completed well.
5. I extend my deepest gratitude to my parents and brother, whose unwavering love and encouragement have been my pillar of strength. Your belief in my abilities has been a constant motivator.
6. I also want to thank all of my friends, specifically all the members of class A of the EED 2020 who have accompanied me for these memorable years in college. Thank you for always being with me and surviving together for all this time, being my best support system, and always fulfilling my heart with love and laughter. I love you with the best version of myself.
7. Last but not least, to you, Annisa Nur Islamiati, you have made it this really far. Thank you for all your hard work, for always being responsible for every decision you make, and for simply being alive and fighting through it all. Anis, you deserve all the love in this universe. Kudos!

As I embark on this research endeavor, I am reminded of the importance of collaboration and shared knowledge. I am thankful for the support of everyone

mentioned above, and I look forward to the continued exploration of the intriguing intersection between podcasts and autonomous listening activities.
