

ACKNOWLEDGEMENTS

Praise and gratitude to Allah SWT for His grace, gifts, and blessings, which enable the writer to finish the thesis with the title “EFL Students' Perception in Learning Vocabulary Through English Movies” This thesis report was prepared as one of the requirements for working on a thesis in the Strata-1 program at the English Department, faculty of teaching and education, Siliwangi University.

The author realizes that the preparation of this thesis proposal would not have been completed without assistance from various parties. Therefore, on this occasion we would like to thank:

1. To the author’s first supervisor, Dr. Yusup Supriyono, S.Pd., M.Pd., who has given the author valuable insight and support in completing this proposal.
2. To author’s second supervisor, Santiana, S.S., M.Pd. who has given the author valuable insight and support in completing this proposal.
3. To this research participant who has agree and willing to help the author by sharing their experience.
4. To the Siliwangi University and the entire academic community for providing resources, facilities, and access to libraries/databases that might be crucial for the author’s research.
5. To author’s Family who has given the author emotional support, understanding and prayers in completing this proposal.
6. To Syifa Khofifah Saidah and Andini Salma Afifah who always help the author in making this thesis.
7. To Hanisa Pratiwi and Putri Hanindyatama Gusti Fajriati who always support the author in making this thesis.
