

ACKNOWLEDGEMENTS

Alhamdulillahirobbil'alamiin. All praises and thanks are due to Allah *swt* for his blessing and mercy that finally, after an intensive guidance almost a year and struggling with covid-19, I can accomplish my thesis. This thesis could not be completed without help and support from amazing people around me. Therefore, I proudly express a bunch of thanks to these people:

1. My beloved mom and dad, for your support, pray and eternal love. I do believe even without being asked, you always put my name and my success on every prayer you perform.
2. My beloved brothers M. Haikal Nursya'ban and M. Ghofar Hanggara for being my support system that always cheer me up when I'm so stressful with my thesis.
3. My lovely best friends, SWAG (Shofia, Yunita, Alif, Elma, Jihan, Rahmadita, Nia, Gitsni and Agis) for always stick together with me and being my best partners in every moment, since I started my study in UNSIL until now. Thank you for the happiness, laughter, joy, sadness, crazy things, and love you guys bring into our friendship that make us like unbiological sisters from another city.
4. My other lovely unbiological sisters Harmita Rahmadanti Yulistiyani, *S. Ilmu Adm.* and Rizqi Pangestika Harwin, *S. H.* for always supporting me since we were in junior high school until now. Thank you for always by my side no matter what, to convince me that I could finish

my thesis and always spread love to me. I am so happy to have you guys.

5. My beloved classmates BUMBLE-B, for your support since I started to study in UNSIL until now. Regardless all of the conflicts occurred among us, you are one of my best memories during studying at UNSIL, especially in this department.
6. My friends, seniors, and juniors in EDSA Committee, for being supportive partners, brothers and sisters. Thank you for all the lessons that I got from EDSA Family.
7. My super friends, Bian, Dehan, Dede, you guys introduced me to Tasikmalaya, took me travelling in Tasik until I can survive to study in UNSIL and stay in Tasikmalaya. Special Thanks to Bian and Acep for being my third and fourth supervisor, without your guidance I do not know how to finish my thesis.
8. My dearest self, thank you that you can survive and never give up on your thesis. Even though you feel tired, stressed, want to give up, struggling with covid-19 that broke your study but you did it well. I am so proud of you, myself.
9. My talented idols, Why Don't We, Shawn Mendes, BTS especially my lovely Kim Taehyung. Thank you for your amazing sounds and music that always accompanied me when I wrote this thesis and being my mood booster when I am feeling down while writing my thesis.

Because watching your music video, dance and listening to your music always heals me from stress and brings back my mood to write my thesis.

Finally, yet importantly, I extend my gratitude to every single person who has given precious contribution to my thesis. I apologize because I cannot mention you one by one, but I am very grateful for your help, support and pray. May Allah *swt.* bless you for your kindness.
