This study aims to determine: (a) The effect of the General Allocation Fund and Regional Original Revenue partially on Poverty in Tasikmalaya Regency in 2007-2020. (b) The Joint Effect of the General Allocation Fund and Regional Original Revenue on Poverty in Tasikmalaya Regency in 2007-2020. The analysis used in this study is Multiple Linear Regression Analysis with the submission of hypotheses using the t test and F test. The results of the study show that: (a) The General Allocation Fund partially has a negative relationship with poverty, and has a significant effect. Then the Special Allocation Fund has a negative relationship, and has no significant effect on poverty. In this study, local revenue has a negative and no significant effect on poverty. (b) Together, the General Allocation Fund and Regional Original Income have a significant effect on Poverty in Tasikmalaya Regency in 2007-2020.

Keywords: General Allocation Fund, Special Allocation Fund, Local Revenue, Poverty
