

ABSTRAK

AULIA NURAI SYAH. 2022. **Hubungan Kecerdasan Emosional dan Konsentrasi Terhadap Ketepatan *shooting* pada Permainan Futsal.** Jurusan Pendidikan Jasmani. Fakultas Keguruan dan Ilmu Pendidikan. Universitas Siliwangi. Tasikmalaya.

Shooting merupakan teknik dasar yang digunakan untuk menendang bola sekeras-kerasnya kearah gawang lawan. Dalam melakukan *shooting* yang baik ada beberapa faktor yang mempengaruhinya salah satunya kecerdasan emosional dan konsentrasi. Hipotesis penelitian ini (1) terdapat hubungan antara kecerdasan emosional dengan ketepatan *shooting* pada permainan futsal (2) terdapat hubungan antara konsentrasi dengan ketepatan *shooting* pada permainan futsal (3) terdapat hubungan antara kecerdasan emosional dan konsentrasi secara bersama-sama dengan ketepatan *shooting* pada permainan futsal. Jenis penelitian ini adalah deskriptif kuantitatif. Populasi dari penelitian ini adalah Unit Kegiatan Mahasiswa Pemain Futsal Putri Universitas Siliwangi berjumlah 30 orang dan sampel yang digunakan sebanyak 20 orang. Teknik sampling menggunakan *purposive sampling*. Berdasarkan pengolahan data dengan menggunakan uji statistik, ternyata secara empiris terdapat hubungan antara kecerdasan emosional dan konsentrasi secara bersama-sama dengan ketepatan *shooting* pada permainan futsal Unit Kegiatan Mahasiswa (UKM) Pemain Futsal Putri Universitas Siliwangi dan hasil hipotesis diterima. Penelitian ini menekankan pentingnya kedua variabel tersebut terhadap ketepatan *shooting* pada permainan futsal.

Kata Kunci : Kecerdasan Emosional, Konsentrasi, Ketepatan *Shooting*, Futsal.

ABSTRACT

AULIA NURAI SYAH 2022. *Relationship of Emotional Intelligence and Concentration with the Accuracy of Shooting in playing futsal*. Departmen of Physical Education. Faculty of Teacher Training and Education. Siliwangi University, Tasikmalaya.

Shooting is a basic technique used to kick the ball with a exceeding towards the opponent's goal. In doing good shooting there are several factors that can affect one of which is emotional intelligence and concentration. The hypotheses of this study (1) there is relationship between intelligence of accuary shooting in playing futsal (2) on the relationship between concentration of accuary shooting in playing futsal (3) there is a relationship between emotional intelligence and concentration together on accuracy of shooting in playing futsal. This type of reseach is descriptive quantitative. The populations of this study was student activity unit for women's futsal siliwangi university amounting to 30 people and sample used as many 20 people. The sampling technique used purposive sampling. Based on the results of data processing with statistical test, it's was found that empirically there is a relationship with emotional intelligence and concentration together on accuracy of shooting in futsal playing on student activity unit for women's futsal siliwangi university the results of the hypothesis are accepted.

Keywords : Emotional Intelligence, Concentration, Shooting Accuracy, Futsal.
