

PREFACE

This thesis is filled with background information on the reason for this research, literature review, research methodology, findings or result, discussion, conclusion and suggestion. The first chapter provides information from the research background that provides the research context, namely video on learning English Process, gaps, problem formulation, operational definition, and research benefit. The literature review consists of a description of video as teaching media in EFL context, and perception on learning are explained in the second chapter. The third chapter presents research methods, participant and setting, data collection, and data analysis. The result of this study comes out in the fourth chapter, this includes data findings and discussion. The final chapter consists of conclusions based on the data findings and other ideas for future researchers related to the effect of video as media learning.
