

PREFACE

Alhamdulillahirobbil'alamiin. I want to give all my gratitude to the almighty God, Allah *swt.* for His mercy. Because of His guidance, I wrote this research entitled “Foreign Tourists’ Perceptions on Public Services’ English Skills in Pangandaran Tourism Area”. Furthermore, I would like to thank my family, friends, everyone I love, and all elements at Siliwangi University: All my beloved lecturers, especially my supervisors, who supported this research. Thanks to all respondents: Patrick Robins, Jack Burrows, and John Mason, for participating in this research. I need all these people to complete this research. May Allah bless you for your kindness.
