

ABSTRAK

PUPUT MARYANI, 2022. *“Video Recording Performance in English Speaking Assignment of EFL Students”* English Education Department. Faculty of Educational Sciences and Teachers Training. Siliwangi University. Tasikmalaya.

Penelitian ini bertujuan untuk mengetahui respon siswa dari penggunaan video recording assignment yang digunakan oleh para guru dalam kegiatan online learning untuk meningkatkan dan mengetahui kemampuan para siswa. Penelitian ini berfokus pada respon siswa, dan melibatkan 250 partisipan dari 2 Sekolah Menengah Atas di Tasikmalaya. Metode penelitian ini menggunakan survey, serta menggunakan kuesioner sebagai alat pengumpulan data. Penelitian ini akan dianalisis menggunakan SPSS untuk menemukan nilai rata-rata. Hasil dari penelitian ini memberikan wawasan bagi para guru terhadap video recording assignment sebagai alat untuk mengetahui dan meningkatkan kemampuan siswa berdasarkan persepsi siswa.

Kata kunci: *EFL students, video recording assignment, performance, online learning, survey*

ABSTRACT

PUPUT MARYANI. 2022. **“Video Recording Performance in English Speaking Assignment of EFL Students”** English Education Department. Faculty of Educational Sciences and Teachers Training. Siliwangi University. Tasikmalaya.

This study aims to determine the students' response to the video recording assignment used by teachers in online learning activities to improve and determine students' abilities. This study focused on students' response, and involved 250 participants from 2 high schools in Tasikmalaya. This research method used surveys, and used a questionnaire as a data collection tool. This study analyzed using SPSS to find the mean score. The results of this study provide insight for teachers on the video recording assignment as a tool to determine and improve students' abilities based on the students' perceptions.
