“فَإِنَّ مَعَ الْعُسْرِ يُسْرًا”

“Maka sesungguhnya beserta kesulitan ada kemudahan”

(QS Al-Insyirah: 5)

“Setetes keringat orang tuaku yang keluar, ada seribu langkahku untuk maju.”

“Semua jatuh bangunmu hal yang biasa, angan dan pertanyaan waktu yang menjawabnya berikan tenggat waktu bersedihlah secukupnya, rayakan perasaanmu sebagai manusia.”

(Baskara Putra – Hindia)

“Failures are experiences, and experience is your best teacher. So, the conclusion is: failures are important to all of you. My journey may look smooth as silk, but to be honest, I did bump into some failures. But you know what? What’s important is they make me continue evaluating myself, so I have plans B to Z — and I still have more — to learn a better myself. So, your fear of failure should come last, because if you fail, the more you fail, the more you know, what life has in store for you. And you will understand that you can learn more about what’s best for you.”
