

PREFACE

This thesis, entitled "Using Songs as Media in Teaching English Vocabulary to Lower Secondary School Students" is submitted to fulfill the requirements for getting a *Sarjana Pendidikan* degree at the English Education Department, Faculty of Educational Sciences and Teacher's Training, Siliwangi University, Tasikmalaya.

The thesis is made up of the background, literature review, methods, research findings, discussion, conclusion, and suggestions. The research background includes the gap, formulation of the problem, operational definitions, aim of the research, and significance of the research. The literature review summarizes the concept of song as media in teaching English vocabulary. The research method used is a case study, and data will be obtained through classroom observation. The research findings are presented in the fourth chapter. The last chapter contained the conclusion based on the findings and other ideas for the next researcher related to the use of song as media in teaching English vocabulary

In writing this research, the author faced a few challenges and obstacles, but thanks to the help of Allah SWT. and the motivation and support of various parties finally, this thesis can be resolved despite honestly that this research is still lacking. Therefore, researchers really expect constructive criticism from all parties for the sake of the perfection of this research paper. For that reason, on this occasion the researcher expressed his profound gratitude to all those who had helped researchers in the preparation of this paper.
