

PREFACE

This thesis entitled "Exploring the Implementation of Utilizing the English Singing YouTube Channel in Pronunciation Practices: A Classroom Research at Young Learners" is submitted to fulfill the requirements for attaining Sarjana Pendidikan Degree at English Education Department, Faculty of Educational Sciences and Teachers' Training, Siliwangi University, Tasikmalaya.

This thesis is formed into five chapters. The first chapter consists of background information that provides context for the study, such as a gap, formulation of the problem, research significance, and aim. The second chapter contains a literature review on short enlightenment of pronunciation, the English Singing channel, and young English learners. The third chapter covers the research design employed in this study. The fourth chapter presents the study's results, including research findings and discussion. The last chapter contains a conclusion of data findings and suggestions for further study.

Nonetheless, this research can be accomplished with plenty of support from people around the researcher. Therefore, the researcher conveys sincere gratitude to them in the acknowledgment section.

Hopefully, this research will be beneficial for the readers. However, the researcher realizes that this present research has several limitations. Hence, the researcher will greatly receive suggestions and criticism from the readers for field research in the forthcoming time.

Tasikmalaya, October 2024
