

ABSTRACT

NIA SRI MULYANI, 2023. "Identification of Tourist Attractions in Wanasigra Village, Sindangkasih District, Ciamis Regency". Department of Geography Education, Faculty of Teacher Training and Education, Siliwangi University, Tasikmalaya.

One of the potential tourist attractions is the tourist attraction in Wanasigra Village, Sindangkasih District, Ciamis Regency. There needs to be development and management so that the tourist attraction in Wanasigra Village can be utilized optimally, because it has the potential to become a tourist attraction. The problem of this research is what tourist attractions are and what factors support tourism development in Wanasigra Village, Sindangkasih District, Ciamis Regency. The research method used in this research is a quantitative descriptive method, with data collection techniques of observation, interviews, questionnaires, literature study and documentation study. The number of samples taken was the village head, Kuncen using a purposive sampling technique, 20 respondents, visitors and 23 people in the community using a random sampling technique. The total number of samples was 45 respondents. The research results show that the tourist attractions in Wanasigra Village are the Gandoang Site, natural scenery, ancient house remains, and typical local food, and the factors that support tourism development are accessibility, facilities and infrastructure, government support and community support. With research on identifying tourist attractions in Wanasigra Village, Sindangkasih District, Ciamis Regency, it is hoped that tourist attractions in Wanasigra Village can develop so that tourist attractions can become superior tourism in Wanasigra Village.

Keywords: Tourist Attraction, Wanasigra Village.
