

PREFACE

Thanks to Allah SWT for his blessing and mercy, gratefully, the author could finish writing this thesis entitled "Exploring Parent's Experience Of A Child's English Vocabulary Acquisition Through Movies: A Narrative Inquiry". The thesis explores parent's experience of using English movies as media for her child as a young learner in English vocabulary acquisition.

This thesis explores parent's experience of her child as a young learner using movies as media and strategies for acquiring English vocabulary. Furthermore, the author also provides the theoretical basis for movies as a medium for English language learning, second language acquisition theory, the role of parents in language learning, and vocabulary acquisition in children. In the last section, the author provides the methodology to explain how the author will conduct the research.

In systematizing this paper, the author faced many challenges, but with the help and support of many individuals, these challenges can be overcome. The author also notices that there are still many mistakes in the process of writing this research proposal. Therefore, the criticism and suggestions from the reader will help this research proposal better in the future. Finally, hopefully, this paper can be useful for readers to get more knowledge in the subject matter.
