Liska Ardani. 2026. Pengaruh Peran Kader Pusat Informasi dan Konseling Remaja Terhadap Pencegahan Perilaku Menyimpang Remaja (Studi pada Program Generasi Berencana BKKBN di SMAN 1 Baregbeg Ciamis) Jurusan Pendidikan Masyarakat

Penelitian ini berangkat dari masih ditemukannya perilaku menyimpang remaja di lingkungan sekolah, seperti pelanggaran tata tertib, rendahnya kedisiplinan, dan perilaku sosial yang tidak sesuai norma, meskipun telah terdapat program PIK-R. Tujuan dari penelitian ini untuk mengetahui pengaruh peran kader PIK-R terhadap pencegahan perilaku menyimpang remaja di SMAN 1 Baregbeg Ciamis. Peneliti menggunakan pendekatan kuantitatif dengan metode survei. Populasi penelitian berjumlah 479 siswa, dengan sampel sebanyak 83 responden yang ditentukan melalui teknik proportionate stratified random sampling menggunakan rumus Slovin. Pengumpulan data dilakukan melalui angket skala Likert, sedangkan analisis data menggunakan statistik deskriptif, uji asumsi klasik, serta regresi linear sederhana. Hasilnya menunjukkan bahwa peran kader PIK-R berada pada kategori baik, demikian pula pencegahan perilaku menyimpang remaja berada pada kategori baik. Adapun hasil yang diperoleh dari analisis regresi linear sederhana yaitu persamaan $Y = 26,819 + 0,765X$, yang menunjukkan adanya pengaruh positif peran kader PIK-R terhadap pencegahan perilaku menyimpang remaja. Adapun hasil yang diperoleh dari uji t menunjukkan nilai **t hitung 12,117** dengan signifikansi **$0,000 < 0,05$** , sehingga hipotesis penelitian diterima. Nilai koefisien determinasi (**R Square**) sebesar **0,642** hal ini menunjukkan bahwa peran kader PIK-R berkontribusi sebesar **64,2%** terhadap pencegahan perilaku menyimpang remaja, sedangkan yang lainnya dipengaruhi oleh faktor lain di luar dari aspek penelitian. Maka dari itu dapat dikatakan bahwa peran kader PIK-R memiliki pengaruh positif dan signifikan terhadap pencegahan perilaku menyimpang remaja di SMAN 1 Baregbeg Ciamis.

ABSTRACT

Liska Ardani. 2026. *The Influence of the Role of Youth Information and Counseling Center (PIK-R) Cadres to Prevent Juvenile Deviant Behavior (A Study on the BKKBN Generation Planning Program at SMAN 1 Baregbeg Ciamis).* Department of Community Education.

*This research was motivated by the continued occurrence of juvenile deviant behavior in the school environment, such as violations of school rules, low discipline, and social behaviors that are not in accordance with social norms, despite the existence of the Youth Information and Counseling Center (PIK-R) program. The purpose of this study was to determine the influence of the role of PIK-R cadres on efforts to prevent juvenile deviant behavior at SMAN 1 Baregbeg Ciamis. This study employed a quantitative approach using a survey method. The research population consisted of 479 students, with a sample of 83 respondents selected through proportionate stratified random sampling using the Slovin formula. Data were collected through Likert-scale questionnaires and analyzed using descriptive statistics, classical assumption tests, and simple linear regression analysis. The results showed that the role of PIK-R cadres was categorized as good, and the prevention of juvenile deviant behavior was also categorized as good. The results of the simple linear regression analysis produced the equation $Y = 26.819 + 0.765X$, indicating a positive influence of the role of PIK-R cadres on efforts to prevent juvenile deviant behavior. Furthermore, the t-test results showed a **t-value of 12.117** with a significance value of $0.000 < 0.05$, indicating that the research hypothesis was accepted. The coefficient of determination (**R Square**) was **0.642**, which means that the role of PIK-R cadres contributed **64.2%** to efforts to prevent juvenile deviant behavior, while the remaining percentage was influenced by other factors outside the scope of this study. Therefore, it can be concluded that the role of PIK-R cadres has a positive and significant influence on efforts to prevent juvenile deviant behavior at SMAN 1 Baregbeg Ciamis.*
