

ACKNOWLEDGEMENT

All praises belong only to Allah SWT, who has given His blessing and mercy so that in the end the author can complete the thesis entitled “Students' Perceived Benefits and Challenges of Using the Baamboozle Game for Vocabulary Learning: A Case Study in an Indonesian Senior High School.” Peace be upon and always be bestowed on the prophet Muhammad SAW, the great prophet who guides us to be on the path of truth. This thesis was completed with so much struggle and sacrifice. This thesis is submitted to the English Education Department, Faculty of Educational Sciences and Teacher’s Training, Siliwangi University, as one of the requirements for obtaining a bachelor's degree in education.

On this occasion, I would like to sincerely express my gratitude, respect, and appreciation to the following people who have supported and made this thesis possible:

1. The honorable Head of the English Education Department, Faculty of Educational Sciences and Teachers’ Training, Siliwangi University, Tasikmalaya;
2. The honorable Dr. Melisa Sri, S.Pd., M.Pd. as the first supervisor who has given advice, corrections, and guidance in completing this thesis.
3. The honorable Yuyus Saputra, S.Pd., M.Pd. as the second supervisor who has given advice, corrections, and guidance in completing this thesis.
4. All lecturers of the English Education Department, Faculty of Educational Sciences and Teachers’ Training, Siliwangi University, Tasikmalaya.
5. My beloved parents, who always give me love, care, support and endless prayer so that I can finish this thesis.
6. My beloved brother and sister, thank you for their prayer,

encouragement, and moral support during the completion of this thesis.

7. My beloved partner, Muhammad Parhan Pauji, who always gives me support, motivation, and trust in all situations. A good person who always faithfully listens provides encouragement to keep fighting and is one of the biggest motivations to complete this thesis.
8. My amazing research participants and related institutions: I extend my appreciation to all research participants and related institutions for their cooperation, time, and support, which made this study possible.
9. My best friends' random group: Raisa fadilah ramadani, Elis Salinda, Hanna Juliana, Insani Naufal, Alisya Fuziawati andf Yessinta. Thank you for accompanying me during the lecture period and for being a comfortable place to rest and relieve loneliness. Thank you for every joke, humorous story, and all the good things we have done together so far.
10. All of the people who have supported me in finishing this thesis could not be mentioned one by one. You are my greatest reward.

In the end, I realize that this thesis is not perfect. Therefore, I am very open and honored to get suggestions and constructive criticism for future improvements. I hope this thesis can be a reference and provide benefits for me and for anyone who reads and uses the results of this research.
